A210975	Service Trap/s Exterior Bait Boxes	1.00

Service Comments

Tech Comment: Serviced all trap stations around the exterior perimeter of both buildings. There were no captures at the time of service. As I was walking around I noticed that on the left side of building 20, when facing the front, there are a bunch of oranges and lemons on the ground that had fallen from a tree. I recommend that these be picked up regularly in order to be a less attractive sight for rodents.
