**Re:** 2023 Second Quarter Exemptions and Violations Summary

**MESSAGE:**

**Exemptions**

There were **no exemptions** to the Marin County IPM Policy in the second quarter of 2023.

**Violations:**

There was **one violation** of Marin County IPM Policy in the second quarter of 2023. 2 ounces of SPECTRACIDE – EPA #9688-190-8845 were applied at Corte Morada Park and Almenar Drive on June 29<sup>th</sup>, 2023. This product was applied because a wasp nest was putting contractors on that site at risk. The contractor was instructed that, in the future, there is a different product that may be used and is listed on our allowed products list. If the allowed product is not available at the time or location of the wasp nest, their staff is instructed to leave the site and return when the allowed product has been acquired.
